Evacuator Series Wet/Dry Vacuums

An awesome combination of power, performance and styling the "Evacuator Series" sets a new standard in design and construction of commercial/industrial vacuum cleaners. These new vacuums are molded using the most advanced engineering resins and include several innovative design features not available on other professional quality vacuums. Equipped with a powerful, long-life motor and a revolutionary filter system, the "Evacuators" are designed to handle the most difficult maintenance jobs - wet or dry.

Features:

- Powerful 2HP motor for fast, superior pick up for just about any kind of dirt, litter, debris, sludge, soot or liquids.
- Available with 15 or 20-gallon tank capacities.
- Noise reduction design and special acoustic materials for quiet operation.
- Exclusive "never-clog" dacron bag provides superior prefiltration.
- Cleaning knob for purging filter, during severe pick-up applications.
- Offset inlet for cyclonic separation of dirt or liquids.
- Tank includes 8" rear wheels, 2.5" front casters, built-in drain with screw cap.
- Includes complete set of tools and convenient hose and cord ties.
